

LITTLE DOING

Reports From the Front are Very
Meagre To-day

JAPS ARE LESS SUCCESSFUL

To-day's Dispatches Indicate a Slight
Change in the Tide of War in
Favor of the Russians

RUSSIANS GETTING REINFORCEMENTS.

Mukden, September 29th.—Outpost skirmishes constitute the sum total of disclosed activities on the Liao and Taitze rivers in Manchuria. Gen. Kuropatkin is reported to be keeping in contact with the entire Japanese front. Russian scouts report that the main Jap force is centered in the vicinity of the Yentai Mines. Fresh troops and convalescents are arriving at Mukden in large numbers.

JAPS ARE LESS SUCCESSFUL.

The railway north from Mukden is proving of much value to Gen. Kuropatkin in bringing supplies for his army as well as reinforcements. Chinese arriving at Chefoo report that the Japs attacks on Port Arthur have resulted in heavy losses to the assailing forces, while the Russians suffer comparatively little.

A CHANGE IN THE TIDE OF WAR.

Mukden, September 28th.—Many skirmishes and reconnaissances are reported to headquarters but except for these, quiet prevails. In the fighting that has been taking place, the Russian scouts have almost invariably shown themselves superior to the Japanese, both in riding and fighting.

The Japs movement up the Taitze River appears to be that of a comparatively small force.

Raiding parties from the Russian army bring in many prisoners. Beautiful autumn weather continues. Reinforcements are arriving rapidly. Over 1000 convalescents have returned to duty. The railway is in good condition. Officers are distributing the reserve stores that were brought up from Liao Yang as adequate supplies are now coming from the north.

A JAP REVERSE.

Details of the fighting near Impuon September 26th, show that Gen. Mistchenko's scouts accompanied by a battery of artillery attacked a Japanese position where there was a battery of artillery, two squadrons of cavalry and two companies of infantry. The Japs were shelled out of their positions on the hill and suffered heavy losses. As they retired the Russians occupied the hill until nightfall when they returned under cover of darkness.

PEACE RIVER

EXPLORATION SURVEYS

The Dominion Government sends a party under J. A. Macdonnell, C.E.

The occasion of this explanatory survey of the western part of the upper Peace river country being undertaken by J. A. Macdonnell, C.E., arises out of an arrangement made between the Province of British Columbia and the Dominion Government, for the construction of the C. P. R. By that arrangement British Columbia was to give a belt of land twenty miles wide on each side of the railway for the whole of its length within the province. But when the railway was actually built it was found that a large part of the railway belt had already been alienated by the province, and therefore could not be passed over to the Dominion Government. A supplementary or amended arrangement was then made whereby the Dominion Government agreed to accept from the British Columbia Government an equal amount, or three and a half million acres of land, in the Peace river country east of the Rocky mountains.

It is commonly taken for granted that British Columbia lies entirely west of the mountains; but as a matter of fact the eastern boundary of this province only follows the crest of the Rocky mountains to a point almost due west of Edmonton. It then follows a meridian line due north. The mountains run in a north-westerly direction. Therefore, there is a great, somewhat triangular area of the province east of the mountains comprising many millions of acres. It is out of this triangle that the Dominion Government has the right to make selection, and Mr. Macdonnell and party are being sent to examine the country with a view of securing the most desirable land. A special interest is given by the fact that the Grand Trunk Pacific survey is being made across the northern portion of the triangle, and there is every assurance that the three and a half million acres which the Dominion Government owns, will soon have a value that was never thought when the arrangement was first made. At present the country is to a great extent "no man's land." Although under the jurisdiction of the province, the fact that the Dominion owns so much land with the right of selection makes the province careless about the exercise of control. In view of the development now certain to take place within a very few years, it is very necessary that the respective rights of the province and that of the Dominion should be defined as soon as possible: hence Mr. Macdonnell's exploration. While an examination will be made of the whole tract, on the Laird as well as the Peace river, it may be expected that when the selection is made it will be chiefly south of the Peace river, as that is the portion which it is expected that the Grand Trunk Pacific will traverse.

Mr. Macdonnell is an engineer of large experience, and was member for Selkirk, Manitoba, in the Parliament of 1896.

LAC STE ANNE

Lac Ste. Anne, Sept. 26.

An accident which cast a gloom over the whole community occurred last week in the death of W. T. Taylor, which took place on the McLeod trail about thirty miles west of Lac Ste. Anne.

Mr. Taylor was the head packer of Grand Trunk Pacific survey party No. 17, and had been to Edmonton on business, and it was while on his way back to camp that the sad event occurred. He left here on Thursday, September 15, apparently in good health. He was alone, but

intended to catch up with his party who had gone on ahead, a day or so before. On Thursday, September 20, Alexis Belcourt and some others who were returning from the survey camp to Lac Ste. Anne, discovered the body on the trail. His horse was nowhere to be seen, and his loaded rifle was found about two miles nearer here.

When Mr. Gunn heard the news he immediately sent messages to the friends of the deceased and to the police. Dr. Braithwaite was at the scene of the accident on Friday and the body was brought here on Saturday afternoon, when it was taken in charge by Mr. Lockhart, and taken to Edmonton for interment. Death appeared to be due to heart failure.

Mr. Taylor was well and favorably known in all the northern country as an experienced packer and guide and as a whole-souled and generous man. The bereaved family have the sympathy of the entire community.

Mr. A. S. Going, Grand Trunk Pacific engineer, left here last Wednesday to explore the country in the vicinity of Jasper and other points north and west.

Mr. Jones, Grand Trunk Pacific engineer, arrived here yesterday with a party of men. He is on his way to survey party No. 17 to inspect work, etc.

Why Mr. Tasse Turned Liberal

Montreal Herald:

Amongst the leading business men of Canada who have been driven from the ranks of the Conservative party by Mr. Borden's railway policy is Mr. Jos. Tasse, the well-known Montreal cigar manufacturer. For a busy lifetime Mr. Tasse has supported the Conservatives, but he no longer does so, and he offers sound business reasons backed by an unusually extensive experience of the Dominion for his changed views. Mr. Tasse's conversion to Liberalism is the more important in that he makes it as a business man, not a politician. Although a lifelong Conservative, he has never been very active in politics.

When asked by the Herald for a statement as to his course Mr. Tasse replied as follows:

"You must not misunderstand my position. In my opinion the building of the G.T.P. is above everything else, by far the most important issue before the country to-day. As to that I thoroughly and absolutely support the Government's policy.

"My reasons! Well, I first went to Winnipeg in 1873, when Winnipeg was Fort Garry, with 1,200 population. Ever since then I have traversed the West twice a year. I drove through the West a thousand miles before there was a railway. I have seen the immense development of that country, and watched it grow until now Winnipeg has 80,000 people.

"When I find that this year Manitoba and the North-West will export grain and cattle to the value of \$50,000,000, or more, and compare its position to-day with that before the advent of the C.P.R., I am forced to the conclusion that what the C.P.R. has done for that immense territory the G.T.P. will do for the more northerly localities.

"Then again take the Quebec territory north of the Laurentian range I fully concur with the Government's policy of developing this vast district to the north of our province. It is full of resources, especially in lumber, yet to-day it has little commerce or population for lack of railways. The pulp wood on that slope alone would be sufficient to pay for the cost of the railroad through it. More than that, the large population which it will locate along the route of the railway will create for the city of Montreal an important market which does not exist to-day.

Ross Bros., Limited.

This is the time to look after Your Stoves

Ross Bros., Limited have a very fine assortment of Heating Stoves, either for wood or coal, or for both, their stock now is large and still quite complete and if you are going to buy a new stove it would be better to do so early and thus have a better assortment to choose from

They have the newest things in stove trimmings and furniture and you can make no mistake in buying from them, their tinsmiths are first class and any work done by them is sure to please, so when you want a stove or any work done in connection with you stoves, go to Ross Bros., Limited

In Sporting Goods

Their stock is still well assorted and buying in such large quantities as they do, enables them to give you more for your money and better goods than you can get elsewhere

They have an immense stock of shot guns and rifles and you will be surprised to know how cheap they are.

In Their Plumbing and Steam Fitting Department

They employ only the best mechanics and their work and material is fully guaranteed. If you need anything in that line don't put it off too long, winter is getting very close and good plumbing work is done much better and cheaper in mild weather.

Ross Bros. Ltd.

OLD INDIAN CUSTOM

OF CHOOSING A FRIEND

Bear's Hill Reserve Indian calls on Henry Fraser, his Kua-ma, and presents him with two ponies

Yesterday Oke Seum, "Stony Paul," an Indian of the Bears' Hill, Hobbema, Indian Reservation called on Henry Fraser, of McDougall & Secord's, and presented him with an Indian pony for himself and a yearling colt for his son, Robbie. To explain the gift is to tell the story of an old Indian custom.

An Indian is supposed to recognize a friend on first sight. In the old days an Indian suddenly taking a liking to a brother Indian would salute him with Kua-ma, meaning nameake. This would be accompanied by an exchange of gifts. Thenceforth they would be sworn friends and to each other would be known by the common name of Kua-ma. To the Indian it virtually meant a bond of brotherhood, stronger than that of any family ties. The most perfect usefulness was shown the one for the other and nothing which one could do for the other was left undone. Frequently cases have occurred where one Indian would meet his Kua-ma on the trail and would promptly give him his horse or perhaps a new saddle which he had lately acquired. If the other wished to give him his horse or his old saddle in exchange all well and good, but if he did not there would be no hard feelings, in fact the other Indian would go away supremely happy. When the white man first came to this country the Indian often picked his Kua-ma from among the white men. The present is a case in point.

When Mr. Fraser, as a boy, used to play about the Hudson Bay Port at Lake St. Anne, of which his father was in charge one of his playmates was Oke Seum. As boys they were inseparable companions until at the death of Mr. Fraser's father the family left Lac St. Anne. The boys grew into young men and met occasionally. For years Oke Seum, or "Stony Paul," as he was familiarly called held a claim about nine miles up the river from Edmonton. Stony Paul's Point, a well known land mark up the river was named after Oke Seum. He was a great favorite among the Indians, jolly and free as well as shrewd and calculating. The Indians of the Bear's Hill reservation were finally successful in urging Stony Paul to move to their reserve and be one of their councillors. Nine years ago he came to Edmonton and meeting Mr. Fraser pre-ented him with a horse hailing him as his Kua-ma. Since that time until this year he has made a regular visit to his boyhood friend and each time pre-ented Mr. Fraser with a splendid pony. On the first of July this year he brought Mr. Fraser a pony and yesterday, as has been mentioned before, he presented him with a pony for himself and one for his young son Robbie. Although Mr. Fraser does not forget his boyhood playmate, Oke Seum's gifts are made perfectly disinterestedly.

WHITE WHALE LAKE

We have been enjoying a visit from Dr. Carthew of QuAppelle for the past fortnight. Two years ago he and his wife were here and were so much charmed with the appearance of the country that he purchased a half section close to the Lake. Now he is seriously considering the question of permanently removing here. He would be a desirable acquisition to our district. To those familiar with and interested in Canadian history, it will be pleasant to learn that he is a grandson of the famous Laura Secord.

A fresh petition for the organization of a school district on the lines approved by the Department of Education has been prepared and signed by the leaders of the two factions in the former dispute, so that the matter of organization is likely to go through without any further entanglements.

A G. T. P. R. R. survey party under Mr. Armstrong is now passing through our settlement, running a trial line, whether for a main line or a branch remains to be seen.

One or more large timber wolves have been prowling around of late, though no depredations are reported as yet.

New Kind of Wheat.

Okotoks Review.

Two years ago E. W. Bricker secured 10 lbs. of corn wheat from somewhere in Idaho for which he paid at the rate of \$7.20 per bushel. After carefully preparing the ground he scattered the ten pounds of grain thereon, from which he garnered sufficient seed to sow upon five acres this year. Last week he completed harvesting and has a magnificent crop. The grain is a mammoth cereal, possessing the properties of both corn and wheat, making excellent meal, which they state has superior fattening qualities. The kernels are about three-quarters of an inch in length with a hard outer bran shell. The straw is of strong and rather stout growth and Mr. Bricker asserts has the power of resisting drought and rain much better than ordinary wheat. The heads are about 6 inches in length and the grain sets out in rows. The plant stools out in the same manner as rye, and will probably yield as high as several tons of straw per acre. It was considered doubtful by many whether it could be grown successfully or not in Alberta, and it remained for Mr. Bricker to prove that it could be grown. He proposes holding the grain for seed. The production of this grain solves the problem of fattening hogs and cattle in a prairie country and should place the Alberta farmer in a better position to compete with corn-fed hogs and cattle than he has ever been before. At the lowest estimate this wheat will yield 60 bushels to the acre.

Colds

How often you hear it remarked:
"It's only a cold," and a few days
later learn that the man is on his
back with pneumonia. This is of
such common occurrence that a
cold, however slight, should not be
disregarded.

Chamberlain's
Cough Remedy

has gained its great popularity and
extensive sale by its prompt cures
of this most common ailment. It
always cures and is pleasant to
take. It counteracts any tendency
of a cold to result in pneumonia.

Price 25c, Large Size 50c.

Lifeguard Soap—disinfectant—is strongly
recommended by the medical profession as
a safeguard against infectious diseases.

Lever's Y-Z (Wise Head) Disinfectant Soap
Powder is a boon to any home. It disin-
fects and cleans at the same time.

Use Lever's Dry Soap (a powder) to
wash woollens and flannels,—you'll like
it.

Lever's Y-Z (Wise Head) Disinfectant
Soap Powder dusted in the bath, softens
the water and disinfects.

Musical Education

Excellent training in Music can be ob-
tained in Alberta College, Edmonton. The
College has a full staff of specially qualified
teachers in the different departments of
music associated with Mr. Perry S. Hook,
musical director and instructor in piano
and theory, are:—Miss Beatrice Crawford
teacher in piano, Miss Ethel Webster
teacher of voice culture and singing and
Miss Edith Webster teacher of violin. Also
there is a department of elocution and
physical culture under the direction of
Miss E. A. Bellamy, diplomate Moulton
College, Toronto. There will be lectures,
recitals, social meetings, etc. from which
students will derive great benefit.

The business department is in full op-
eration, day and night classes, diplomas
awarded in stenography and book-keep-
ing.

The new building is on First Street.
Business and music open now. Arts and
Academic October 1st. Intending students
should register as soon as possible. For
fees and particulars apply to the

NO ANNOUNCEMENT
REGARDING ELECTION DATE

Something definite expected in a few days. Sir Wilfrid spoke at Sorel yesterday.

Bulletin Special Dispatch.
Ottawa, Sept. 29.—Speaking at Sorel yesterday afternoon Sir Wilfrid Laurier said: "I am asked if there will be a general election, and if so when will it take place. I cannot give an answer to that to-day, but will give an answer in a few days." Sir Wilfrid Laurier returned here at noon. It is expected that writs for an election will be issued this week.

EDMONTON CHARTER

BILL MAKING GOOD PROGRESS

Premier denies the yarn certain Territorial papers having been publishing regarding friction in the Cabinet.

Bulletin Special Dispatch.
Regina, Sept. 28.—The business of the House this afternoon was confined almost wholly to the reading of private bills, chief among them was that of the city of Edmonton. This bill was passed the second reading.

The attention of Mr. Haultain was called to an article in the Winnipeg Tribune headed "In the Northwest Cabinet." He denied that there was any friction among members of the executive over the autonomy question and said it was not necessary for the House to take notice of such articles in irresponsible journals.

SHOOTING ACCIDENTS

IN THE NORTH

Young lad accidentally shoots his father while out hunting. Englishman meets sudden death.

Bulletin Special Dispatch.
Athabasca Landing, Sept. 28.—Chas Adams was accidentally shot on Saturday night by his little stepson, about twelve years of age, while they were out hunting. He died on Sunday evening, and was brought to the Landing yesterday for burial. Advice received from Lesser Slave Lake are to the effect that an Englishman by the name of Littlecock was shot dead there while hunting skunks. It appears that after returning from his hunting to his shack he placed the loaded gun on the table which was shortly afterwards upset by a dog and the gun was discharged, shooting Littlecock through the abdomen.

METHODIST MISSIONS

Rev. Dr. McDougall, superintendent of Methodist Missions, and Rev. Goro Kaburagi, of Vancouver, B. C., returned yesterday from a visit to the Methodist Missions in the Fort Saskatchewan, Sadil Lake, Victoria and White Fish Lake districts. Dr. McDougall is now on his annual trip of inspection of the Methodist Missions. He is in the city to-day but leaves tomorrow to visit two missions in the White Lake and surrounding districts. The missions so far visited have been found in a very satisfactory condition.

Rev. Kaburagi is a Japanese Methodist missionary in Vancouver, B. C., having lived in this country for nine years. Besides his missionary work he publishes a Japanese paper in Vancouver which has a large circulation among his fellow countrymen. Mr. Kaburagi is at present on a vacation, having decided to spend it in company

NEWS OF THE WORLD

IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing With the Day's Most Important Happings

Winnipeg, Sept. 29th.
G.T.R. freight trains collided at eastwood.

Toronto baseball club will be sold. It is \$6,000 behind.

Four workmen were injured in a Canadian Northern Railway collision at Oak Point.

Grading on the Brandon section of the Canadian Northern is nearly finished.

The steamer Loyalist is a total wreck off the coast of Newfoundland.

Burglars entered the premises of the Queens and Royal hotels at Prince Albert.

Premier Haultain denied that there was a crisis impending in the Territorial cabinet.

The New York Yacht club is expecting a fourth challenge from Sir Thomas Lipton.

A prominent French journalist and an authority on the Far Eastern situation dreads the ascendancy of the Japs.

Another prominent Montreal conservative has deserted the party and will support the Laurier administration.

The strike of mechanics and allied mechanics on the western division of the C.P.R. was settled, the men obtaining an increase in wages.

The Dominion Winnipeg Fair was a gratifying financial success. All expenses were met, former liabilities paid and a balance remains on hand.

with Dr. McDougall in northern Alberta. He is delighted with the country and says that his trip has impressed him greatly with the immense possibilities of this district. He would like very much to see a number of his fellow countrymen settle in northern Alberta, believing they would make first class farmers.

THRESHING OPERATIONS

Threshing is in full blast in many parts of the Edmonton district. J. Stoll of Moraville is threshing his oats. He claims that the first rack load of oats he threshed yielded him fifty bushels. McDiarmid's outfit is threshing at W. Limer's, Horse Hills. In these and other cases the grain is proving a splendid sample and is turning out heavily. The sample is better this year than it has been for years. In every direction the yield is either reported very heavy or has every prospect of turning out particularly well. When the threshing returns are all in, it is confidently expected that this year's crop will far exceed both in quality and quantity that of previous years in the Edmonton district.

RHODES SCHOLARSHIP EXAMINATIONS

His Honor the Lieutenant-Governor, chairman of the Rhodes Scholarship committee for the Territories has received word from Dr. Geo. Parker, agent for the scholarship trust, that the examination connected with the appointment of the Rhodes scholar for the North-West Territories for the year 1905 will be held about the middle of January next. All intending candidates should at once send in their names to the committee in order that the necessary arrangements for the examination may be completed at an early date.

Why Mr. Tasse Turned Liberal

Continued from Page two.

"The cost of the railway is variously estimated at from forty to fifty millions, which will be expended with us. But after the road is finished the betterments and operating expenses, which will amount to an enormous sum, will be every cent expended amongst our population and tend to increase the country's prosperity.

"The Conservatives position to-day reminds me of the position of the Liberals when the C.P.R. was proposed, except that the success of that road prevents errors then due to ignorance of the West. If Edward Blake, Cartwright and the other Liberal leaders of that day could recall the speeches they then made, I believe they would be happy men. But with experience and knowledge they have dared to change their views. They now know they miscalculated the North-West, then and it is my firm conviction that to-day, with less excuse the Conservatives are miscalculating the immense possibilities of the regions the G.T.P. will open up.

"The Brodeur law, too, against the tobacco trust, has my entire approbation. Contracts made by the American Tobacco Company were to a nature to create, and had created, indeed, an exclusive monopoly in favor of a great American firm, which had managed to seize upon the whole Canadian market to the detriment of all other manufacturers in Canada and also to the prejudice of farmers who would have been at the mercy of the American Tobacco Company.

"I feel that all our Canadian Governments are patriotic, but energy and courage are also required. Many ministers might have especially lacked the courage to pass and enforce such a bill as this of Mr. Brodeur.

and he deserves the greatest credit for his efforts in behalf of Canadian trade.

"I was always a conservative before, although not a bitter partisan. My position is simply that I want to give loyal support to the good measures of the Laurier Government. I have enough experience to know that what the Premier proposes is for the good of the country and should be approved. When the Government proposes measures for the benefit of the people at large it should be supported loyally by the people, and that is why I am with the Laurier Government to-day. I am a business man and not a politician and I am looking for the Government which is giving the country the measures it needs. This I am satisfied that the Laurier Government is doing, and I intend to support it in that work.

Grandma

Here sits dear old Grandma in silk and lace.
We boast that no wrinkles disfigure her face.
She's healthy and bright and I've oft heard her say:
'Tis because she has used Abbe's Salt every day.

No matter how hearty the old folk appear, their digestive organs are on the wane. The stomach and bowels are noticeably weaker. The liver often sluggish. Nature needs assistance.

ABBE'S SALT is the tonic laxative to keep the old folk in healthful vigor. It is so mild—yet effective—that it puts the stomach, bowels and perfect order without the least discomfort.

BULLETIN CO. LTD.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres sub-tenanted.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART.

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

Superfluous Hair

Removed by the New Principle.

De Miracle

It is better than electricity, because it does not scorch or produce a new growth. Better than X-ray, because it does not burn, scar or paralyze the tissues under the skin. Better than depilatories, because it is not poisonous; therefore, it will not cause blood poisoning, or produce eruptions, which is so common with depilatories, and does not break off the hair, thereby increasing its growth.

Electrolysis, X-ray or depilatories are offered you on the bare word of the operators and manufacturers. De MIRACLE is not. It is the only method which is endorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines.

De MIRACLE will be mailed to any address, sealed, in plain wrapper, on receipt of \$1.00. Your money back without question (no red tape) if it fails to do all that is claimed for it.

Our booklet—the most complete treatise on Superfluous Hair ever published—containing the testimonial of numerous physicians and surgeons and those of hundreds of others—will be sent free, in plain, sealed envelope, upon request. Secure for it at your local druggist or write for it to-day to De MIRACLE CHEMICAL CO., 23 Queen St. W., Toronto, Ont.

Revillon Brothers

LONDON, PARIS, YORK AND EDMONTON

LOCAL

—Train on time.

—Alberta College opens on Monday next, October 3rd.

—The Vermillion Valley Fair will be held in Vegreville to-morrow.

—J. Steffes' threshing began working at McNaughton's place, Morinville settlement yesterday. The crop is good.

—A children's day service will be held in the Presbyterian church on Sunday next in place of the regular Sunday school service.

—The Confederate Spy had a good rehearsal of their military drama in Robertson's Hall last night. Another practice will be held this evening.

—Saturday next October 1 is donation day at the Edmonton Public Hospital. Donations of all kinds will be thankfully received at the hospital.

—John Patton, of Timerton, Ontario, is in the city at present. He is spending a few days here looking over the district in the course of a trip through the West.

—There has been a great rush on at the land office this month with American homesteaders. Their numbers greatly exceed those of other nationalities this month, with flag-days second.

—The ladies furnishing refreshments for the hospital ball to-morrow evening are requested to send them to the rink as soon as possible after one o'clock to-morrow afternoon.

—Innisfail Free Lance.—Jas. Jensen has grown water melons on his ranch at Kneehill Valley this year. Only one ripened before the frost and it is about twenty inches in circumference. Not too bad for a start.

—The Rev. H. A. Gray will give an address at a social meeting of the church workers of All Saints' church this evening in the school room at 8 p.m. All members of the congregation desiring to join any branch of church are invited to attend.

—The funeral of the late Wesley Smith took place yesterday afternoon, and was well attended. The Salvation Army were present in a body. The services were held in the Salvation Army Barracks. Interment took place in the Edmonton cemetery.

—Considerable interest has been aroused among the riflemen regarding the Old Timers' challenge to the new shots. The match will take place Saturday afternoon at the rifle ranges. The losing side will donate two sacks of flour to the Edmonton Public Hospital.

—Mr. and Mrs. Robert Mays entertained a number of their friends last night in Unity Hall, Sandison Block. The hall was beautifully decorated with various national flags, streamers and autumn leaves. Dancing began at 9.30 to the music of Clark's orchestra, and a most enjoyable evening was spent.

—J. L. Doupe, Winnipeg, assistant Canadian Pacific Railway Land Commissioner, spent yesterday in the city. He was accompanied by his wife and by Mrs. Taylor, whose husband has been laying out the townships on the C.P.R. extensions east from Lacombe and Wetaskiwin. They visited Fort Saskatchewan yesterday afternoon.

Herald: Ponoka is now assured a market for all the grain that will be offered here during the present season and perhaps for every season hereafter. Messrs. Blain & McKelvey are to begin at once the erection of a flat warehouse, 65 by 25 by 12 feet, built according to the regulations of the C.P.R., bearing upon warehouses erected upon their tracks.

—Collingwood Schreiber, deputy minister of railways and canals is on a trip of inspection of railways throughout the West. He came up to Carstairs on yesterday's train and dropped off there for a day or two's shooting. He is then coming on to Edmonton to look over the E.Y. & P. line, and possibly examine the proposed C.N.R. crossing at Fort Saskatchewan. He is accompanied by Mrs. and Miss Schreiber. The party will arrive to-night.

—Mr. J. J. Mellon desires to thank the very many kind friends in Strathcona and Edmonton and surrounding country for their warm sympathy and kindly assistance rendered during the sudden and irreparable affliction sustained by him and his family of little children through the death of his beloved wife. Mr. Mellon particularly wishes to refer to the touching thoughtfulness of his brethren of the I.O.O.F., the I.O.E., and the L.O.L. of Edmonton, and also the Orange brethren of Strathcona, who had charge of all the funeral arrangements.

PERSONAL

J. J. Knoll arrived in the city last night from Walkerton, Ont.

Mr. and Mrs. C. C. Reed arrived in the city from Ponoka.

Miss Rankin, former resident of Edmonton, arrived on Tuesday.

Mrs. and Miss Henderson returned on Wednesday from a visit to friends in Fernie, B.C.

W. Toole, of the C.P.R. Lands Department, Calgary, came in on Wednesday's train.

Miss Edie came in from Wetaskiwin on Wednesday. She is visiting Mrs. W. Richardson.

Principal Riddell, of Alberta College, returned to the city from Southern Alberta Tuesday evening.

Rev. Dr. McDougall, of Calgary, returned yesterday from a trip of inspections to the Methodist missions in the Fort Saskatchewan and Whitefish Lake districts.

THE MARKETS

Butter—There is a good demand for choice print butter at 20 cents a pound. The price paid ranges from 18 to 20 cents. At the present time the townspeople in many cases are getting in their winter supply of butter in casks paying from 20 to 25 a pound for it. There is a splendid demand at all times for first-class butter in Edmonton.

Eggs—Eggs are scarce, and the demand is strong. From 17 to 20 cts a dozen is paid for good fresh eggs. Potatoes—Potatoes are offering in large quantities, and the merchants will not put in their winter stock for a month yet. The price paid ranges from 25 to 30 cents a bushel according to quality.

Fowl—Fowl brings 8 cents a pound live. Spring chickens are in great demand, 10 cents a pound live, and 12 cents a pound dressed being paid. Hogs—There is a first-class demand for hogs at from 4 to 4 1/2 cents a pound. Large quantities are being purchased for the local trade, as well as for shipping purposes.

Beef—Cattle are bought chiefly by the head. From 21-2 to 23-4 cents a pound is paid.

Hay—The price for hay is a little better this week, being from 5 to 7 dollars a ton. There is a large supply offering. Timothy hay brings 10 dollars a ton, but has to be ordered ahead as the farmers will not bring it in without having received an order for it.

Oats—From 26 to 30 cents a bushel is paid.

THE WEATHER

Thursday, September 29.
Max. 58
Min. 34
Noon 57
Bz: 30.03.

Winnipeg Sept. 29.—The weather yesterday was cool and fair in Alberta, and comparatively warm in Assiniboia, Saskatchewan and Manitoba. The forecast is: Manitoba, and the Territories, fair to-day and on Friday.
